

# Welcome

We are looking forward to seeing so many of you this coming weekend during Spring in the Village.

Please note there are 3 stops this year, **Timeless Essentials** - down town Enniskillen, **Gallery on the Farm** is just to the west of us before you get to Enfield Rd - Eric and Jenny are on the south side of Regional Rd #3; and **Cedar Creek Studio** is to the south of us, Brenda and John are just south of Taunton on Old Scugog Rd on the west side.

Here at Timeless Essentials we are presenting many new products, lots of samples to try and yes free cups of hot coffee.

Our food line has seen the addition of a new taco dip/seasoning/burger mix, 2 new meat rubs and a couple of interesting soup mixes, and yes as always lots of yummy jams to try.

In our bath and body line you will find new soap shapes, a new foot care line and a new moisturizing luxurious spa facial line, scents that are natural and heavenly.

And yes how could we forget about our hand crocheted heritage rugs, 9 new ones have been created these past few months. Hand crocheted heritage rugs are machine washable, and very durable, my first one is still on the kitchen floor 16 years later. Come see the many color combinations, beautiful and functional all in one.

Plus our yummy bake table will be filled with homemade goodies.

So much to see and do at one stop.
